Type(s):

Assessment Methods: Surveys

Other Assessment

Method(s):

Data Collection Tools

We will be utilizing Campus Labs to conduct a anonymous survey. The survey will be emailed to the students and will have approximately three weeks to complete the survey. Multiple reminders will be sent to the students. There will be an incentive of additional programmatic funds given to the Resident Assistant of the community for the community with the highest return rate (based on % of residents).

Data Analysis Methods

Quantitative data will be summarized and reviewed. Qualitative data will be summarized and reviewed. Information will be disseminated to different constituents within our office, to the college and to Housing, Dining and Hospitality.

Presentation of Findings

Information will be disseminated to different constituents within our office, to the college and to Housing, Dining and Hospitality.

Progress:

Link Assessment Project in Campus Labs Baseline

Name	Source
All project data	Revelle Residence Hall survey 2013
