Making Assessment Manageable August 19, 2014

Unit XYZ Outcomes Map

	Program 1	Program 2	Program 3	Program 4
Unit Outcome 1				
Unit Outcome 2				
Unit Outcome 3				
Unit Outcome 4				

Your Turn:

In groups of 2 or 3 analyze the outcomes map.

- Is it cohesive?
 - Are programs aligned with the unit outcomes?
 - Does each program support at least one unit outcome?
 - Is each unit outcome supported by at least one program outcome?
- What recommendations, if any would you make to the unit?
- What value, if any is there in mapping the outcomes?

•

Instructions: List programs/services and unit outcomes in the appropriate boxes. Using an "x" match the program/service and outcomes, and clarify what each program/services is contributing to overall student learning.

	Programs/Services							
Unit Outcomes	Program/ Service 1	Program/ Service 2	Program/ Service 3	Program/ Service 4	Program/ Service 5	Program/ Service 6	Measures: How will you know if the outcome is achieved? How will you measure the achievement of each outcome? When can you measure it?	

Reflection:

- a) Does each program/service support at least one unit outcome?
- b) Is each unit outcome supported by at least one program/service?
- c) Is your unit trying to do too much or is there opportunity to do more?
