Academic Enrichment Program

Retention - increase faculty members who are stakeholders in AEP.

Providing Department:
Academic Enrichment Program

Responsible Roles:

Unit Goal Description:

By the end of the summer of 2019 we will increase the number of faculty members in roles such as mentor, nominator, moderator, principal investigators and other collaboration with AEP to 600 total. Faculty engagement is beneficial for student retention.

Metric 1:

AEP will increase the number of faculty stakeholders from 540 in 2018 to 600 in 2019. This will be a 12% increase over the past three years in the number of instances of faculty serving in roles that actively support AEP and the campus wide student-teacher interaction through undergraduate research.

Progress:

Retention - increase number of grant-funded programs that provide research opportunities specifically to URM students.

Providing Department:
Academic Enrichment Program

Responsible Roles:

Unit Goal Description:

There are currently six grant-funded programs designed to provide research experiences to a diverse cohort. They are: McNair, NACME, Genentech, the American Heart Association Scholars, New Scholars, and CAMP. AEP will submit or contribute to at least two additional proposals.

Metric 1:

AEP will increase the number of programs (or research opportunities) for URMs from the current six to eight in three years.

Progress:

Retention - increase number of instances of URM students participating in organized research programs.

Providing Department:
Academic Enrichment Program

Responsible Roles:

Unit Goal Description:
There will be more instances of URM students participating in organized research programs; this includes activities such as research conferences, symposia, and faculty-directed scholarly activity.

Metric 1:
AEP will increase the number of instances of URM students participating in organized research activities and programs by 10% (from 242 in 17/18 to 266 in 18/19).

Progress:

Retention - increase students participating in Faculty Mentor Program to 155 by the end of the 2018-2019 year.

Providing Department:

Academic Enrichment Program

Responsible Roles:

Unit Goal Description:

In 2017-2018 the FMP program had 134 students, our goal is to increase at least 20 students in this year.

Metric 1:

AEP will increase the number of students assigned to a faculty mentor in the FMP by 20 students a year for three years.
