SA Strategic Goal: Learning

Providing Department:
Student Success Coaching

Responsible Roles:

Unit Goal Description:

Success coaching program participants will be able to devise a success plan and identify action steps towards their personal, academic, and professional goals.

Metric 1:

75% of students assigned to a Success Coach will use a student success plan to identify personal, academic or professional goals. Students will have an action plan (is action plan in addition to success plan? what % of students will have action plan?) to accomplish those goals with their Success Coach by the end of their first or second year.

Result 1:

Metric 2:

75% of first-year students who enter a SMART goal in the student success plan will demonstrate (how will they demonstrate? be entering goals in plan or other?) specific, measurable, actionable, relevant, and time bound goals.

Result 2:

Metric 3:

SA Strategic Goal: Retention (Part 2)

Providing Department:
Student Success Coaching

Responsible Roles:

Unit Goal Description:

Goal/Objective 2: Increase the units earned and academic progress of students assigned to a Success Coach.

Metric 1:

Students assigned and engaged with a Success Coach will earn more units by the end of their first year than students assigned to coaching and did not engage with the program.

Result 1:

Metric 2:

Students assigned and engaged with a Success Coach will meet or exceed the predicted fall quarter GPA set forth by the Office of Student Research and Information.
Result 2:

Metric 3:

60% of second-year students (n=194) with less than 44.9 units earned at the beginning of the Fall 2018 quarter will connect with their professional success coach to develop a plan to earn 90 units by the end of summer of their second year UC San Diego.
